**DOG REGISTRATION**

**Please fill out all information on the ACHA/WCCHR registration form or fill out the information for the dog and owner being registered only and include a copy of the dog's UKC registration paper. The UKC form is preferred and is much easier to work with having the full registered names are there. Do not include any numbers other than ACHA/WCCHR registration numbers. Do not include "PR" or any titles on the ACHA/WCCHR registration form. If using the ACHA/WCCHR form, make sure to print clearly with correct spelling of dog's full registered name. If single registering a dog we must have at least 2 words in the dogs name so it will not be confused with another dog. A complete and correct registration paper depends on the information being provided. If not legible or correct information is not provided, owner will have to pay another registration fee to get a new, corrected registration.**
